Shampoo & Body Wash Applications

View Online

This is a multi-purpose hair and body product for use in various dispensers.

Hair & Body Application

For Body

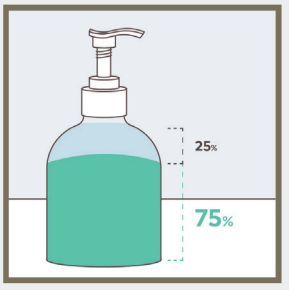
Wet your skin in the bath or shower. Squeeze the body wash onto a loofah or washcloth and lightly scrub skin until a lather forms. Let set for one minute. Rinse completely. Repeat if desired.

For Hair

Wet hair thoroughly. Massage a generous amount throughout the hair and scalp. Let set for one minute. Rinse completely. Repeat if desired.

How-To Make Hand Soap

Remedy Shampoo & Body Wash can also be used as an anti-microbial, natural hand soap with no harsh chemicals. Simply dilute with water and use a hand soap dispenser.



Traditional Dispenser

Fill dispenser with 75% Shampoo & Body Wash and 25% water.

Foaming Dispenser

Fill dispenser with 25% Shampoo & Body Wash and 75% water.
